MULTI-PURPOSE FASHION

MEDICAL/PREMED INSPO

TRAVEL DIGITAL CONTENT

Meet Alex

I am a digital creator, a skin/hair beauty consultant,
and a pre-medical student.

- Based in Central Florida -

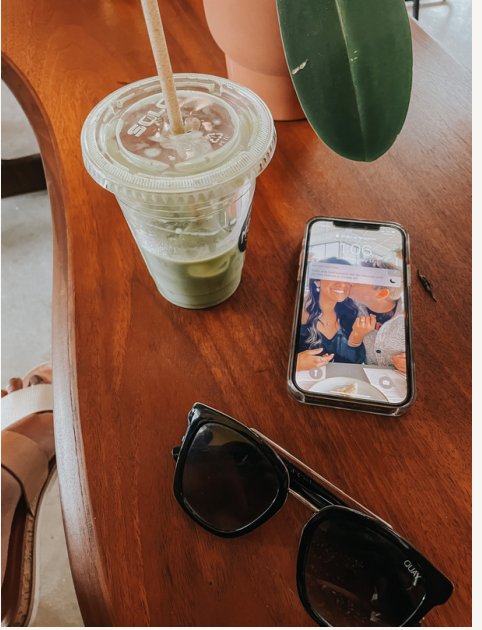

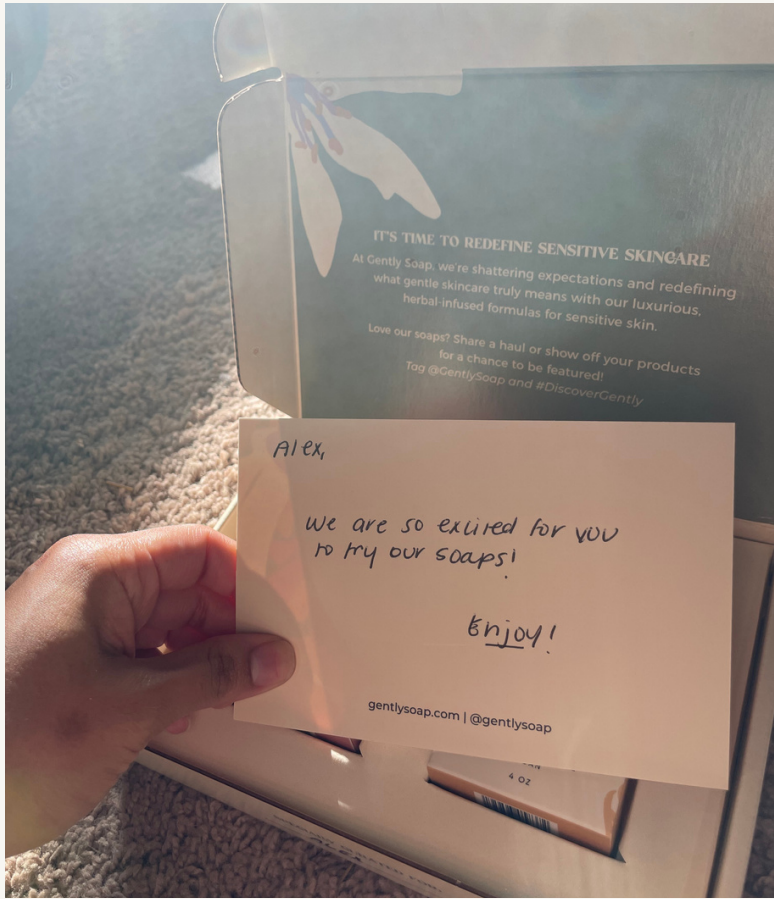

I started collaborating with brands in December 2020 as a premed influencer and since then have transitioned to creating UGC media revolved around student lifestyle content, sustainable fashion, sensitive skincare, and budget-friendly traveling.

I use my media to enhance, transform, and create a vibrant connection with a brand's intended audience in a form they can relate with. Whether that is through raw story-telling or vivid imagery to impact one of our five senses.

My goal is to offer valuable services and products that will allow a brand versatility, expansion, and sale conversions.

Can't wait to work together!
